HOW TO USE HOSPITAL INDEMNITY PLAN (FOR ULTIMATE HI MEMBERS)

Hospital Indemnity benefits help pay for out-of-pocket costs associated with being hospitalized in addition to your medical coverage. Payments are made directly to you, even if you did not actually incur any out-of-pocket expenses.

Step 1: Submit a Claim form and Invoice/Bill from your hospital visit

Step 2: A check with the amount listed on your benefit summary will be made out to you.

The hospital bill is the member's responsibility. The check may be used by the member to help pay that bill or other expenses as the member sees fit. Options Plus does not coordinate or submit any payment to the hospital.

Schedule of Benefits

The following table represents the medical services currently covered under the IHP Ultimate Plan, as well as the permitted interval and any requirements of such medical services. This plan does not utilize a network for any facilities. All services performed in a medical facility (for example, a hospital as opposed to a primary care physician's office) will be subject to Reference Based Pricing (RBP) reimbursements based on a multiple of the Medicare Reimbursement Rate.

¹If prior authorization is not obtained for services requiring a prior authorization, the benefits payable by the Plan for such services will be reduced to 50% of the allowed charges after the copay.

² Out of Network services are covered at 85% of usual and customary charges.

³The plan will only reimburse buy and bill drugs up to the lessor of the allowed amount or network rate or the amount that the Third-Party Administrator or Pharmacy Benefits Manager could source the drug for.

⁴Prior authorization is required for any service or procedure over \$1,000.

DENTAL PLAN NOTES

Carryover MaxSM from Delta Dental allows you to increase your benefits.

This feature allows you to carry over a portion of your unused standard annual maximum benefit limit into the next year, and beyond. You can accumulate part of your unused benefit dollars from a healthy year and use it for larger, more expensive procedures in the future- such as bridges, crowns, and root canals.

The benefits outlined above are a summary of the quoted plan design. Full details on the plan of benefits and applicable policy provisions, including limitations and exclusions, are provided in the group contract.

Accidents can happen to anyone

You never know when you or someone you love could get hurt in an accident. And accidents come with costs, such as emergency room fees, doctor's bills and lost income from missing work. Even if you have good health insurance, deductibles and co-pays can really add up.

With accident insurance from Colonial Life, you can receive benefits to help with the expenses of a covered accident. This financial protection can help you focus on what really matters: healing.

With this coverage:

- A set amount is payable based on the injury you suffer and the treatment you receive.
- You do not need to answer medical questions or have a physical exam to get basic coverage.
- Unlike workers' compensation, which only covers on-the-job injuries, accident insurance covers injuries that happen on-thejob or off-the-job.
- Coverage is available for you, your spouse and eligible dependent children.

If guaranteed-issue coverage is available, you won't have to answer health questions.

For more details, talk with your Colonial Life benefits counselor.

ACCIDENT POLICIES PROVIDE LIMITED BENEFITS.

The policies or their provisions may vary or be unavailable in all states. The policies have exclusions and limitations which may affect any benefits payable. See the actual policy or your Colonial Life representative for specific provisions and details of availability.

Critical illness insurance

ColonialLife.com

You can't predict an illness, but you can be prepared

No matter where you are in life, you never know when you or a loved one could experience a critical illness, such as a heart attack or stroke. Medical advancements and early detection are helping many people survive critical illnesses. However, preventive tests and treatment can lead to increased medical expenses, and your health insurance may not cover these costs.

Critical illness insurance helps supplement your major medical coverage by providing a lump-sum benefit that you can use to pay the direct and indirect costs related to a covered critical illness.

With this coverage:

- Benefits are paid directly to you, unless you specify otherwise.
- You may receive additional benefits if you're diagnosed with more than one critical illness.
- Coverage options are available for you, your spouse and eligible dependent children.

If guaranteed-issue coverage is available, you won't have to answer health questions.

For more details, talk with your Colonial Life benefits counselor.

CRITICAL ILLNESS POLICIES PROVIDE LIMITED BENEFITS.

The policies or their provisions may vary or be unavailable in all states. The policies have exclusions and limitations which may affect any benefits payable. Help protect your income

You never know when a disability could impact your way of life. Fortunately, there's a way to help protect your income. If a covered accident or sickness prevents you from earning a paycheck, disability insurance from Colonial Life can provide a monthly benefit to help you cover your ongoing expenses.

Disability insurance from Colonial Life helps protect your income, so you can have help paying the bills while you recover from a covered accident or sickness.

With this coverage:

- You can choose the amount of your disability benefits, subject to income.
- You're paid regardless of any insurance you may have with other companies.
- Benefits are paid directly to you, and you can use these benefits however you choose.

If guaranteed-issue coverage is available, you won't have to answer health questions.

For more details, talk with your Colonial Life benefits counselor.

Get help with rising health care costs

If you're admitted to the hospital because of an accident or sickness, it's important to focus on your recovery – not your finances. That's easier said than done if you have costly co-payments, deductibles and other expenses coming your way.

Hospital confinement indemnity insurance from Colonial Life can help you pay for medical expenses that your health insurance may not cover.

With this coverage:

- Benefits are paid directly to you (unless you specify otherwise) and can be used as you see fit.
- Coverage is available for you, your spouse and eligible dependent children.
- You're paid regardless of any other insurance you may have with other companies.

If guaranteed-issue coverage is available, you won't have to answer health questions. For more details, talk with your Colonial Life benefits counselor.

Life insurance protection when you need it most

Life insurance needs change as life circumstances change. You may need more coverage if you're getting married, buying a home or having a child.

Term life insurance from Colonial Life provides protection for a specified period of time, typically offering the greatest amount of coverage for the lowest initial premium. This fact makes term life insurance a good choice for supplementing cash value coverage during life stages when obligations are higher, such as while children are young. It's also a good option for families on a tight budget – especially since you can convert it to a permanent cash value plan later.

With this coverage:

- A beneficiary can receive a benefit that is typically free from income tax.
- The policy's accelerated death benefit can pay a percentage of the death benefit if the covered person is diagnosed with a terminal illness.
- You can convert it to a Colonial Life cash value insurance plan, with no proof of good health, to age 75.

For more details, talk with your Colonial Life benefits counselor.
